

Range 44 CE - Surface-mounting watertight junction boxes in compliance with EN 60670-1 (CEI 23-48) and IEC 60670-22 (CEI 23-94) and made in high-performance technopolymers. The range includes versions with protection degree IP44, IP55, IP56 with smooth walls or with quick entry cable glands and different type of covers: blind / transparent, deep/plain, press-on/screw (in plastic, also 1/4 turn, or in metal). Available in different self-extinguishing materials (up to GWT 960 °C). Suitable for ordinary junctions, for special uses, and for industrial uses.

|                      |                  |                                    |                             |
|----------------------|------------------|------------------------------------|-----------------------------|
| Material             | Galvanized metal | For distribution boards            | GW42008 - GW42009 - GW42010 |
| For boxes dimensions | 300x220          | For boxes centre distance BxH (mm) | 300x220                     |
| Electrocod           | 0303             |                                    |                             |
